Dear Islip Residents,

The Islip Town Board and I are pleased to present the 2016 Summer edition of the Recreation News. The warmer temperatures make this a great time to explore the outdoors, and to enjoy all that Islip Town parks have to offer.

Whether swimming, golfing, fishing, or just relaxing in the sun, our Department of Parks, Recreation and Cultural Affairs has something for everyone who's looking to unwind a little and enjoy themselves.

For parents with young children, our recreation centers provide a rich variety of camps and programs designed to encourage your child's imagination and youthful energy. Whether your child wants to be a sports star or a circus star, we have the activity to meet almost every interest.

Please remember to visit our website at www.islipny.gov and sign up for our Town's E-Alert program. E-Alerts are the fastest way to receive important announcements and information as soon as it becomes available.

Please do not hesitate to call us should you have any questions about our programs and parks. The Parks Department can be reached at (631) 224-5411 and we will be happy to assist you.

Warmest Regards,

Angie Carpenter, Supervisor

Dare to be bold! In this course students will learn to make quick decisions while they paint, opening themselves up to working with their subconscious mind. Big line gestures, unusual color palettes, unexpected compositions, and experimental paint applications make for dramatic paintings. This course is about playing with paint, letting it direct you, and yielding unforeseeable results. Open to beginners looking to familiarize themselves with paint, or seasoned artists looking to mix things up. Please bring a photo you are interested in painting (extra images will be provided as well). You can view a mini solo exhibition of works by Caitlyn Shea in the Museum Store Exhibition space, on view till June 5.

POISON PLAY

Curated by Beth Giacommo

April 10 - June 5, 2016

Reception April 24 from 1 pm - 4 pm

What happens when the modern conveniences we take for granted have toxic side effects? It's easy to enjoy the technological innovations and present-day comforts of life in what seems to be in harmony with our surroundings. However, as these luxuries of consumerism overtake the once abundant flora and fauna of our environment, they simultaneously pave a path to a dystopian future and we are forced to confront our own toxic trails. *Poison Play* looks to themes of tainted ecosystems and inspires works born from destruction. The artists featured in this exhibit have investigated, explored and translated our carbon footprint and abuse of natural resources into visual depictions of poisonous play.

Winners from the 2015 Islip Pool Safety Poster Contest

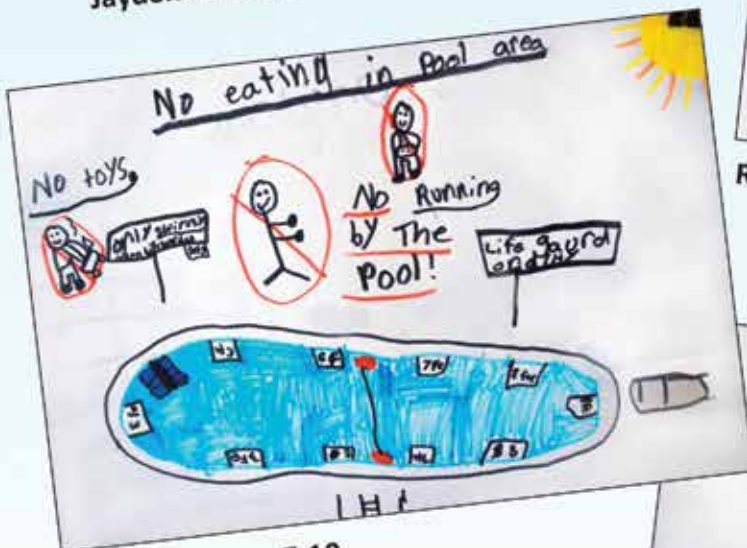

Last summer, the Town of Islip held a Pool Safety Poster Contest for children between the ages of four and eighteen, to help raise pool safety and drowning prevention awareness. Over 200 children participated in the contest. The entries were divided into four age categories. Winners from each category were honored by the Islip Town Board and received a gift certificate to Target.

"We were so happy that we had such an overwhelming response to this contest with over 200 entries," said Islip Town Supervisor Angie Carpenter. "We know that over 200 children had a conversation with their families or camp counselors about the importance of pool safety and that is what is really important."

The Town encourages all to take pool safety very seriously and always be cautious and mindful when at the pool.
